Arcadia

Santa Anita Rancho's famously ambitious and colorful owner, Elias Jackson \"Lucky\" Baldwin, had established a popular tourist attraction on his productive working ranch by the late 1800s. Baldwin planned to incorporate the section of his ranch known as Arcadia, but opponents feared that he would turn such a city into a \"gambling hell and booze pleasure park.\" However, the vote for city-hood was virtually unanimous, and Baldwin took over as mayor on July 27, 1903. Arcadia flourished as alcohol sales were approved, saloons and gambling halls remained open 24 hours a day, and Baldwin's ranch, racetrack, and Oakwood Hotel became popular with society's elite. After Baldwin's death in 1909, Arcadia's new leaders prohibited the sale of alcohol and steered the city in a less controversial direction. Agriculture, poultry farms, dairies, and land development became staples of the economy, and Arcadia gradually lost its rural simplicity, growing into a sophisticated, bustling city.

Representing Women and Female Desire From Arcadia to Jane Eyre

This book examines continuities and changes in narrative strategies deployed to deal with female desire in a broad range of fiction from the late sixteenth-century to the early nineteenth-century. By focussing on 'designing women' and the lengths to which they can and should go as agents of their desires, this book investigates the way generic and moral or social issues intersect in the depiction of female subjectivity. The book examines narrative strategies deployed in the representation of female desire in a broad range of fiction from the late sixteenth-century to the early-nineteenth century, discussing key texts such as *Jane Eyre*, *Pamela*, *Pride and Prejudice* and *Arcadia*

Imagining Arcadia in Renaissance Romance

From Theocritus' *Idylls* to James Cameron's *Avatar*, Arcadia remains an enduring presence in world culture and a persistent source of creative inspiration. Why does Arcadia still exercise such a powerful pull on the imagination? This book responds by arguing that in sixteenth-century Europe, a dramatic shift took place in imagining Arcadia. The traditional visions of Arcadia collided and fused with romance, the new experimental form of prose fiction, producing a hybrid, dynamic world of change and transformation. Emphasizing matters of fictional function and world-making over generic classification, *Imagining Arcadia in Renaissance Romance* analyzes the role of romance as a catalyst in remaking Arcadia in five, canonical sixteenth-century texts: Sannazaro's *Arcadia*; Montemayor's *La Diana*; Cervantes' *La Galatea*; Sidney's *Arcadia*; and Lope de Vega's *Arcadia*. Collins' analyses of the re-imagined Arcadia in these works elucidate the interplay between timely incursions into the fictional world and the timelessness of art, highlighting issues of freedom, identity formation, subjectivity and self-fashioning, the intersection of public and private activity, and the fascination

with mortality. This book addresses the under-representation of Spanish literature in Early Modern literary histories, especially regarding the rich Spanish contribution to the pastoral and to idealizing fiction in the West. Companion chapters on Cervantes and Sidney add to the growing field of Anglo-Spanish comparative literary studies, while the book's comparative and transnational approach extends discussion of the pastoral beyond the boundaries of national literary traditions. This book's innovative approach to these fictional worlds sheds new light on Arcadia's enduring presence in the collective imagination today.

Death and Rebirth in Virgil's Arcadia is an introduction to the *Eclogues*, based on sound scholarship but also personally felt and addressed to a popular audience. It outlines clearly the literary and historical background of Virgil's early poems, discusses each eclogue in some detail, and offers a new and challenging interpretation of the collection as a whole. The ten eclogues are shown to be a young poet's attempt at self-understanding. Their symmetrical arrangement is a journey inward toward the central experience of death, and a journey back toward rebirth and the writing of larger and greater works.
